

# INCampus Energetisches Konzept

Rainer Strobel  
Bereichsleiter Technische Beratung

04.07.2024 PGMM Symposium Ingolstadt

# Energetische Standortqualität

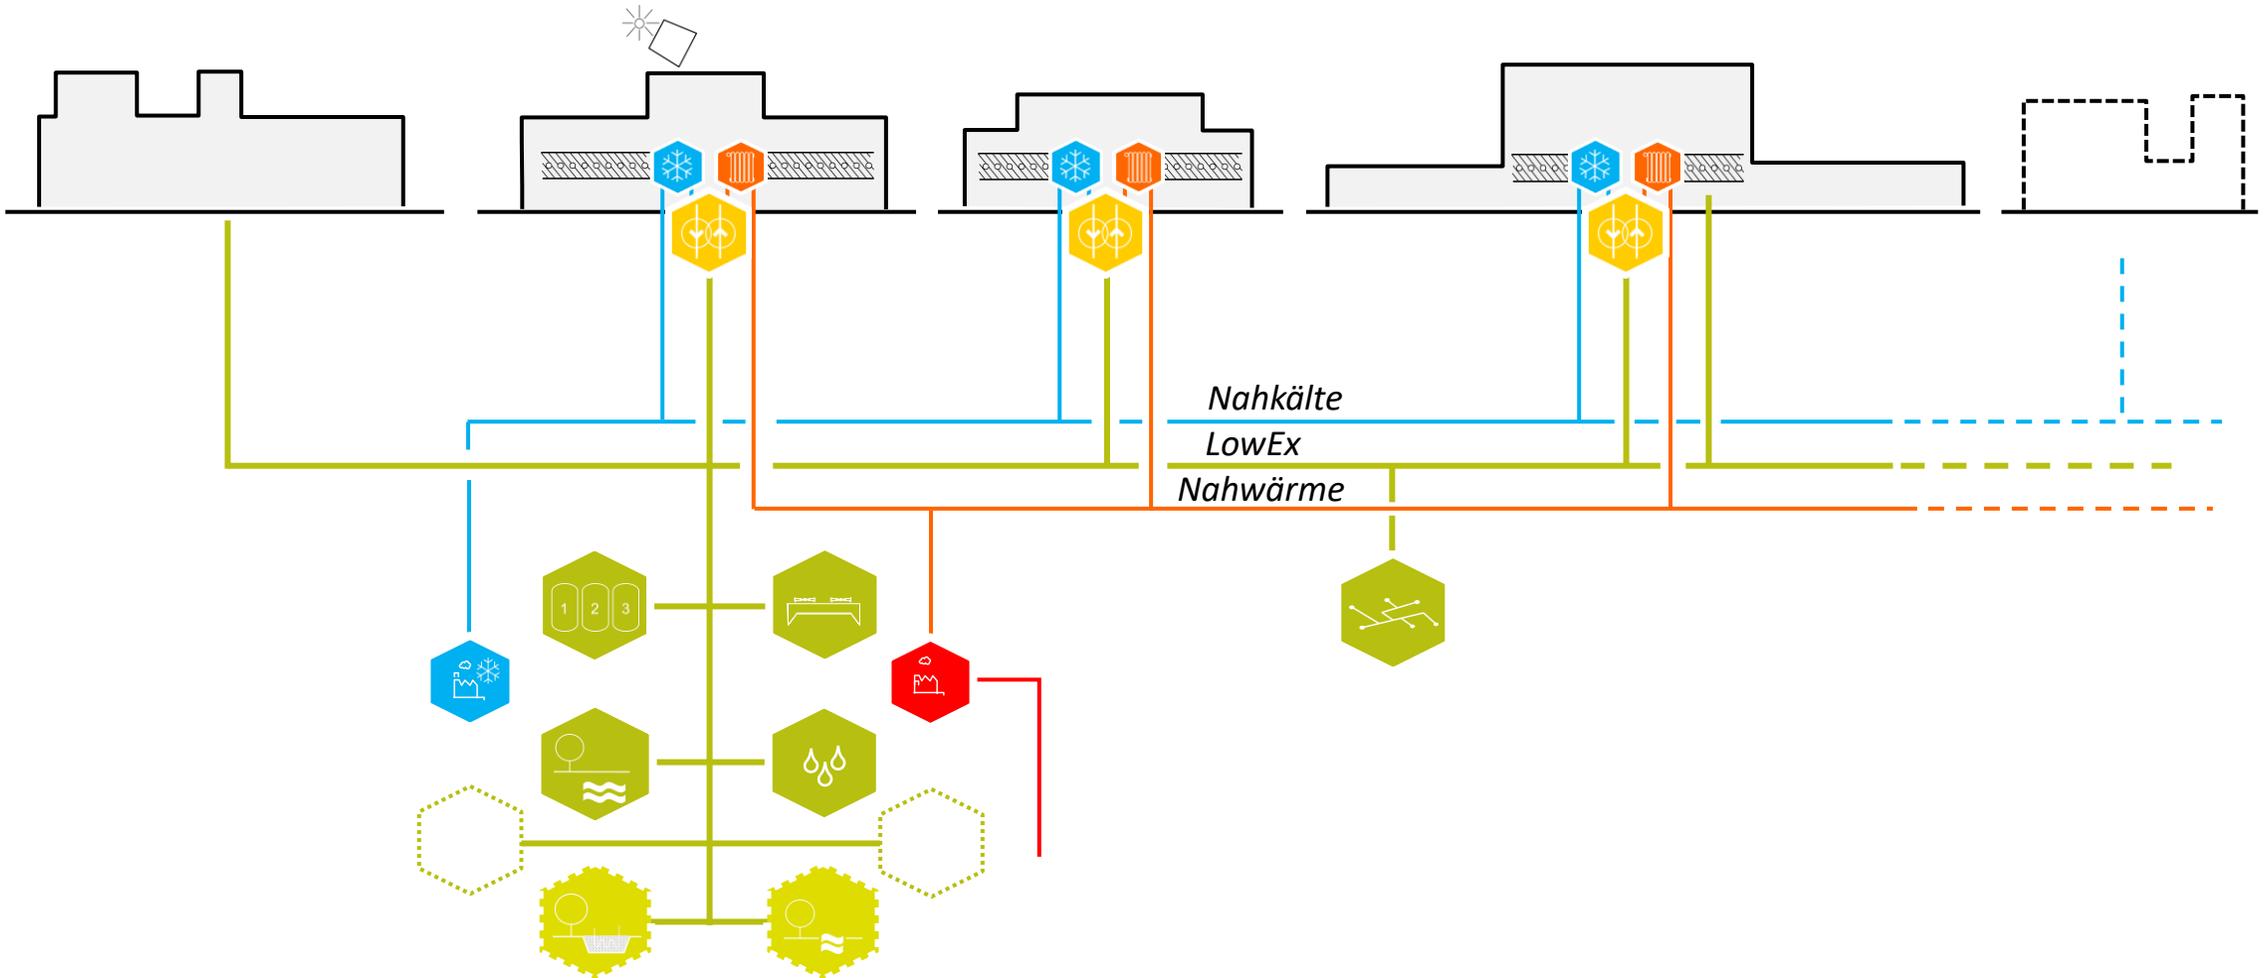

# Energetisches Konzept

Rechenzentrum

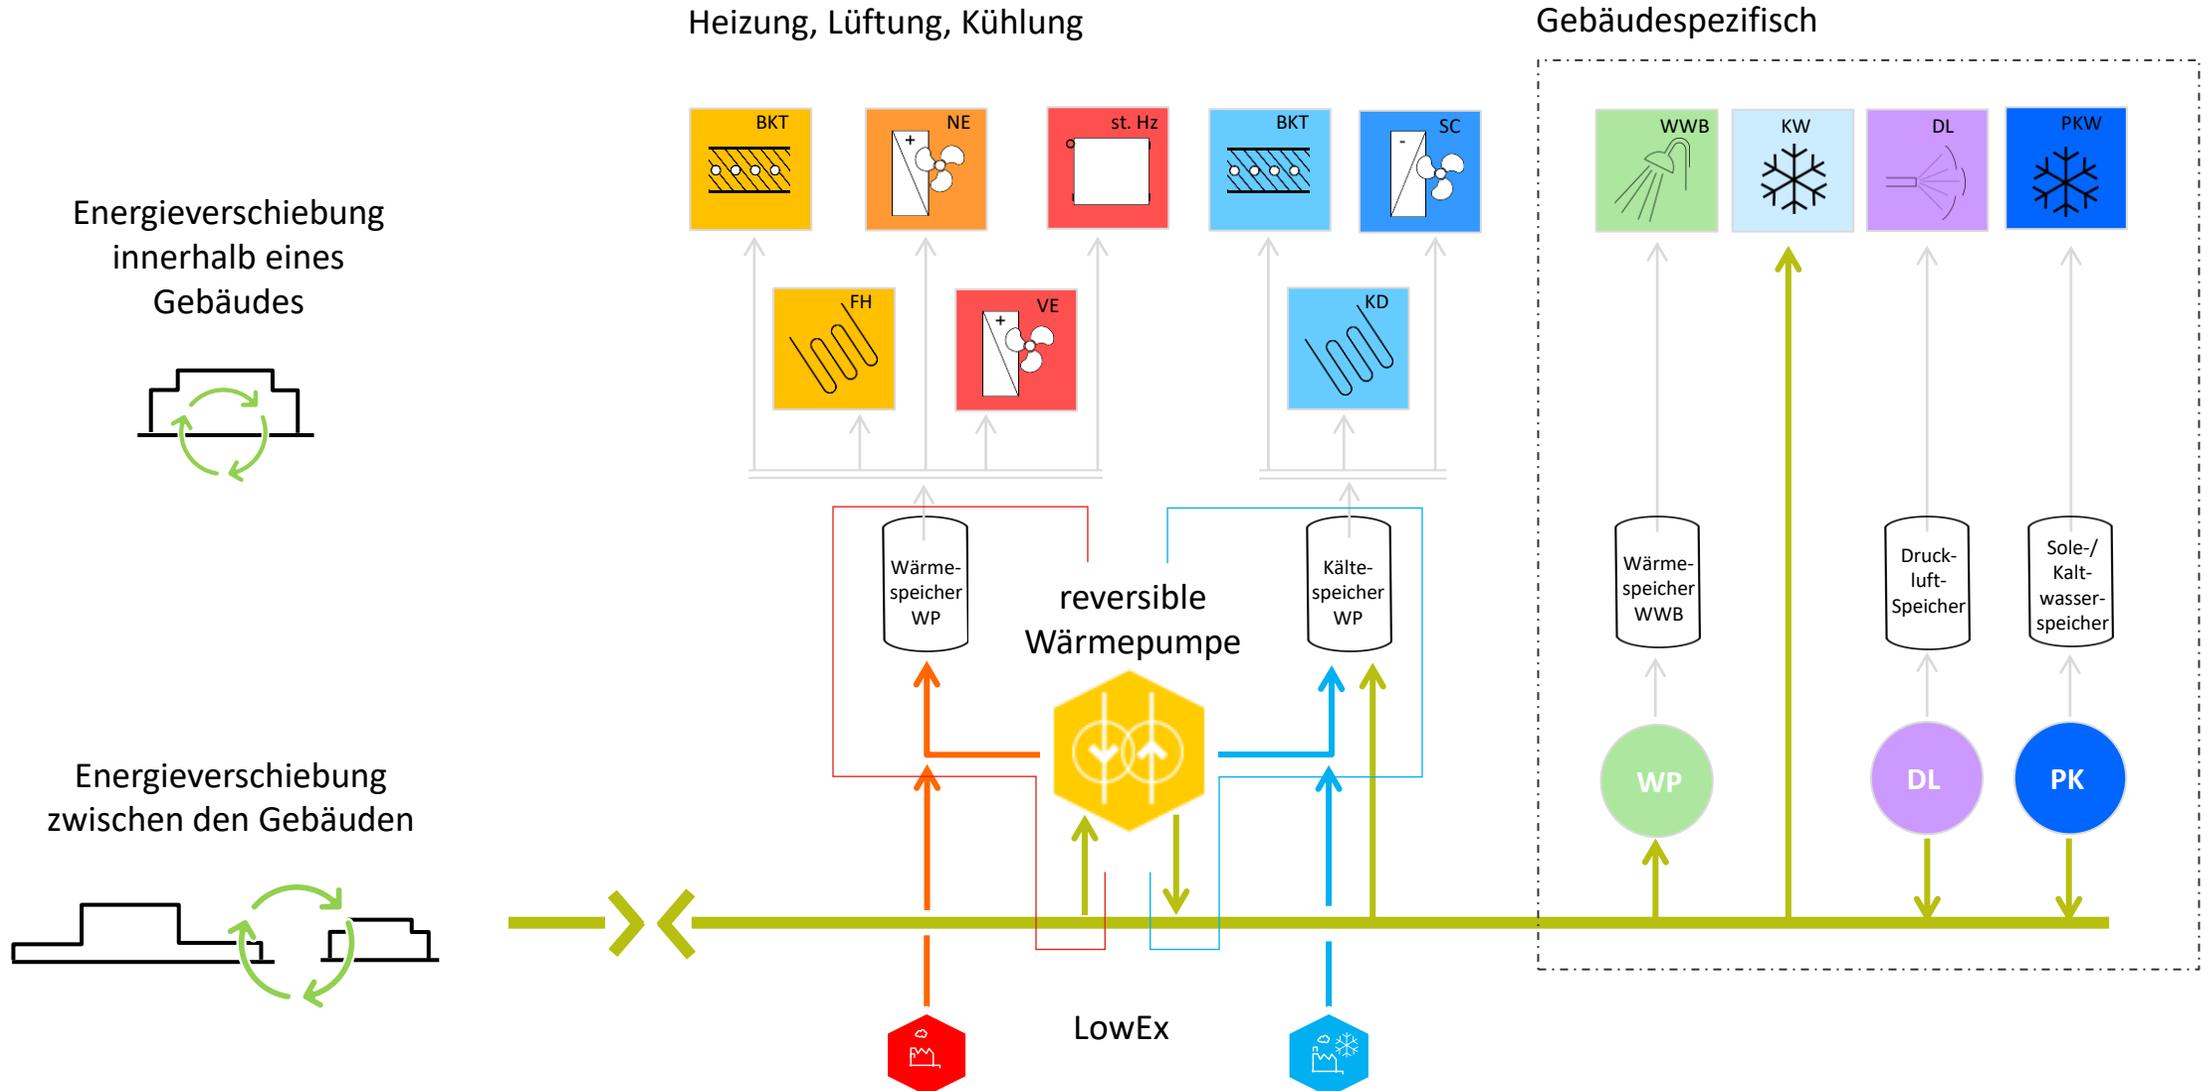

Energiezentrale

Funktionsgebäude

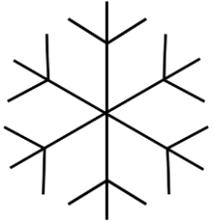

Sicherheitszentrum

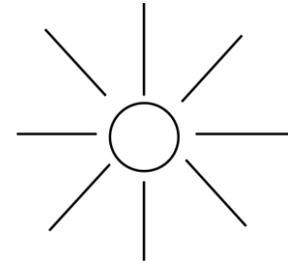

# Consumer - Prosumer

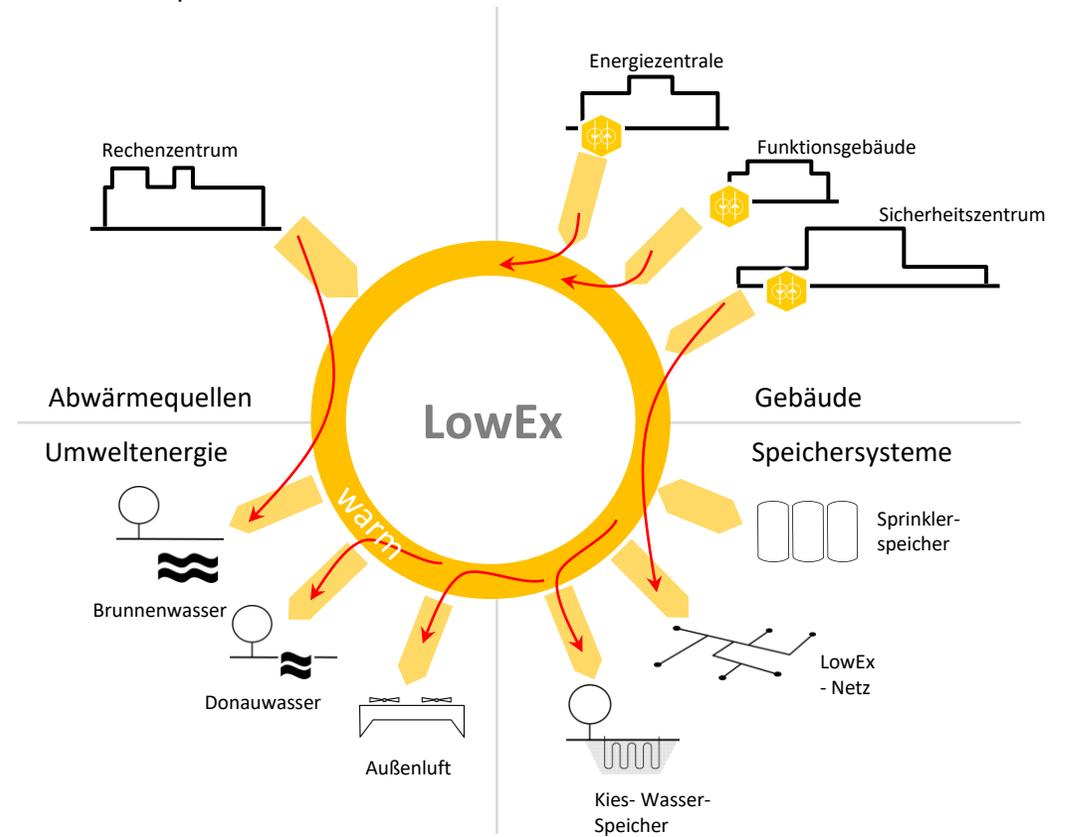

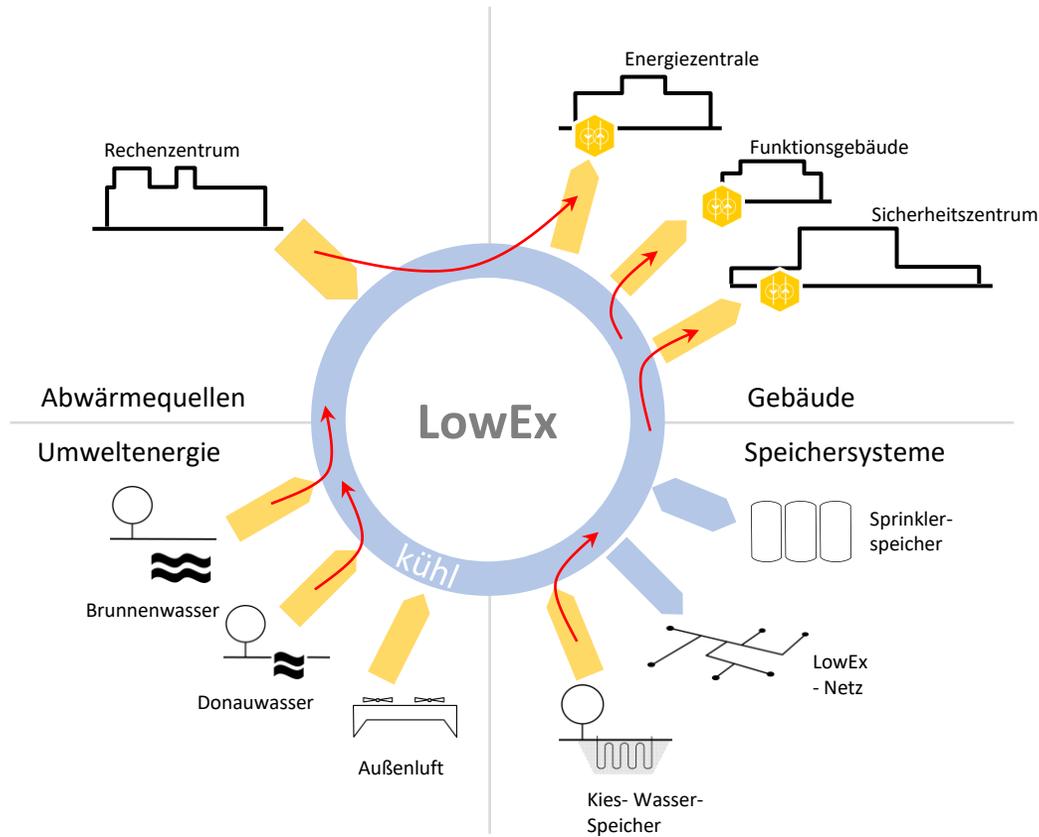

# LowEx

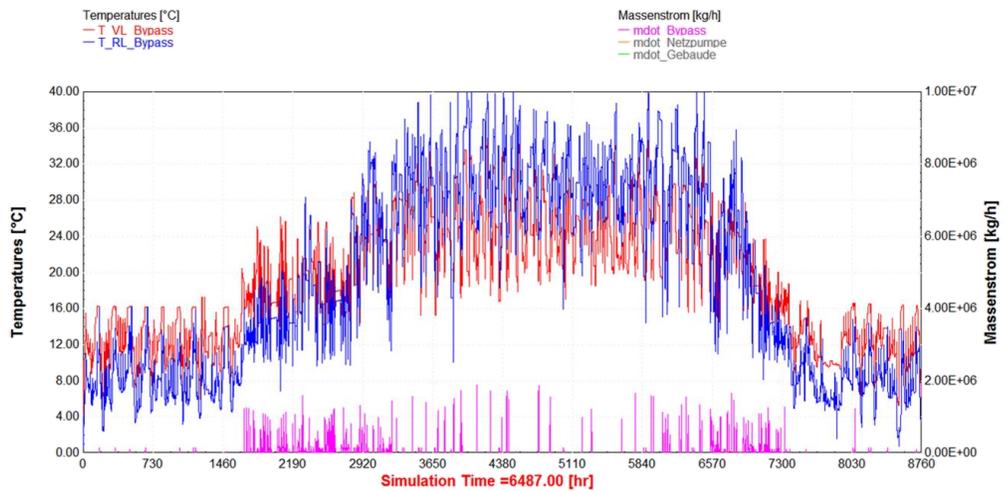

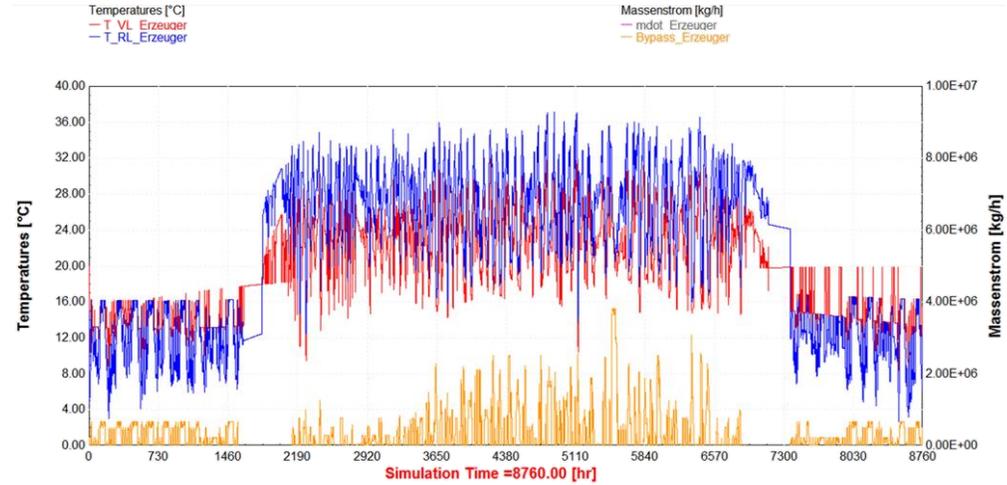

Winter operation:  
cool LowEx- temperatures, discharge of cooling energy, conservation of cooling energy.

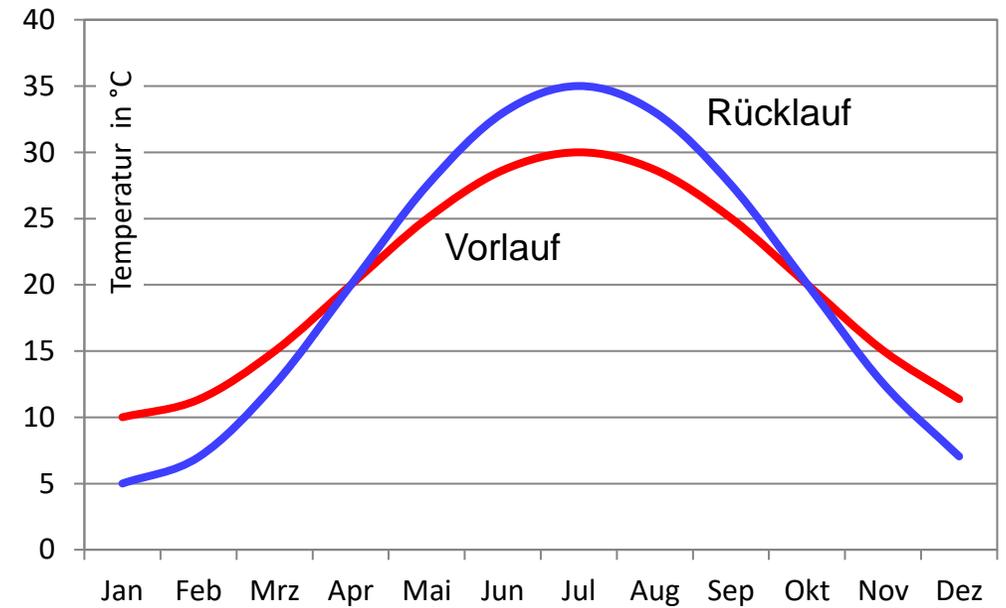

Summer operation:  
warm LowEx- temperatures, discharge of heat energy, conservation of heat energy.

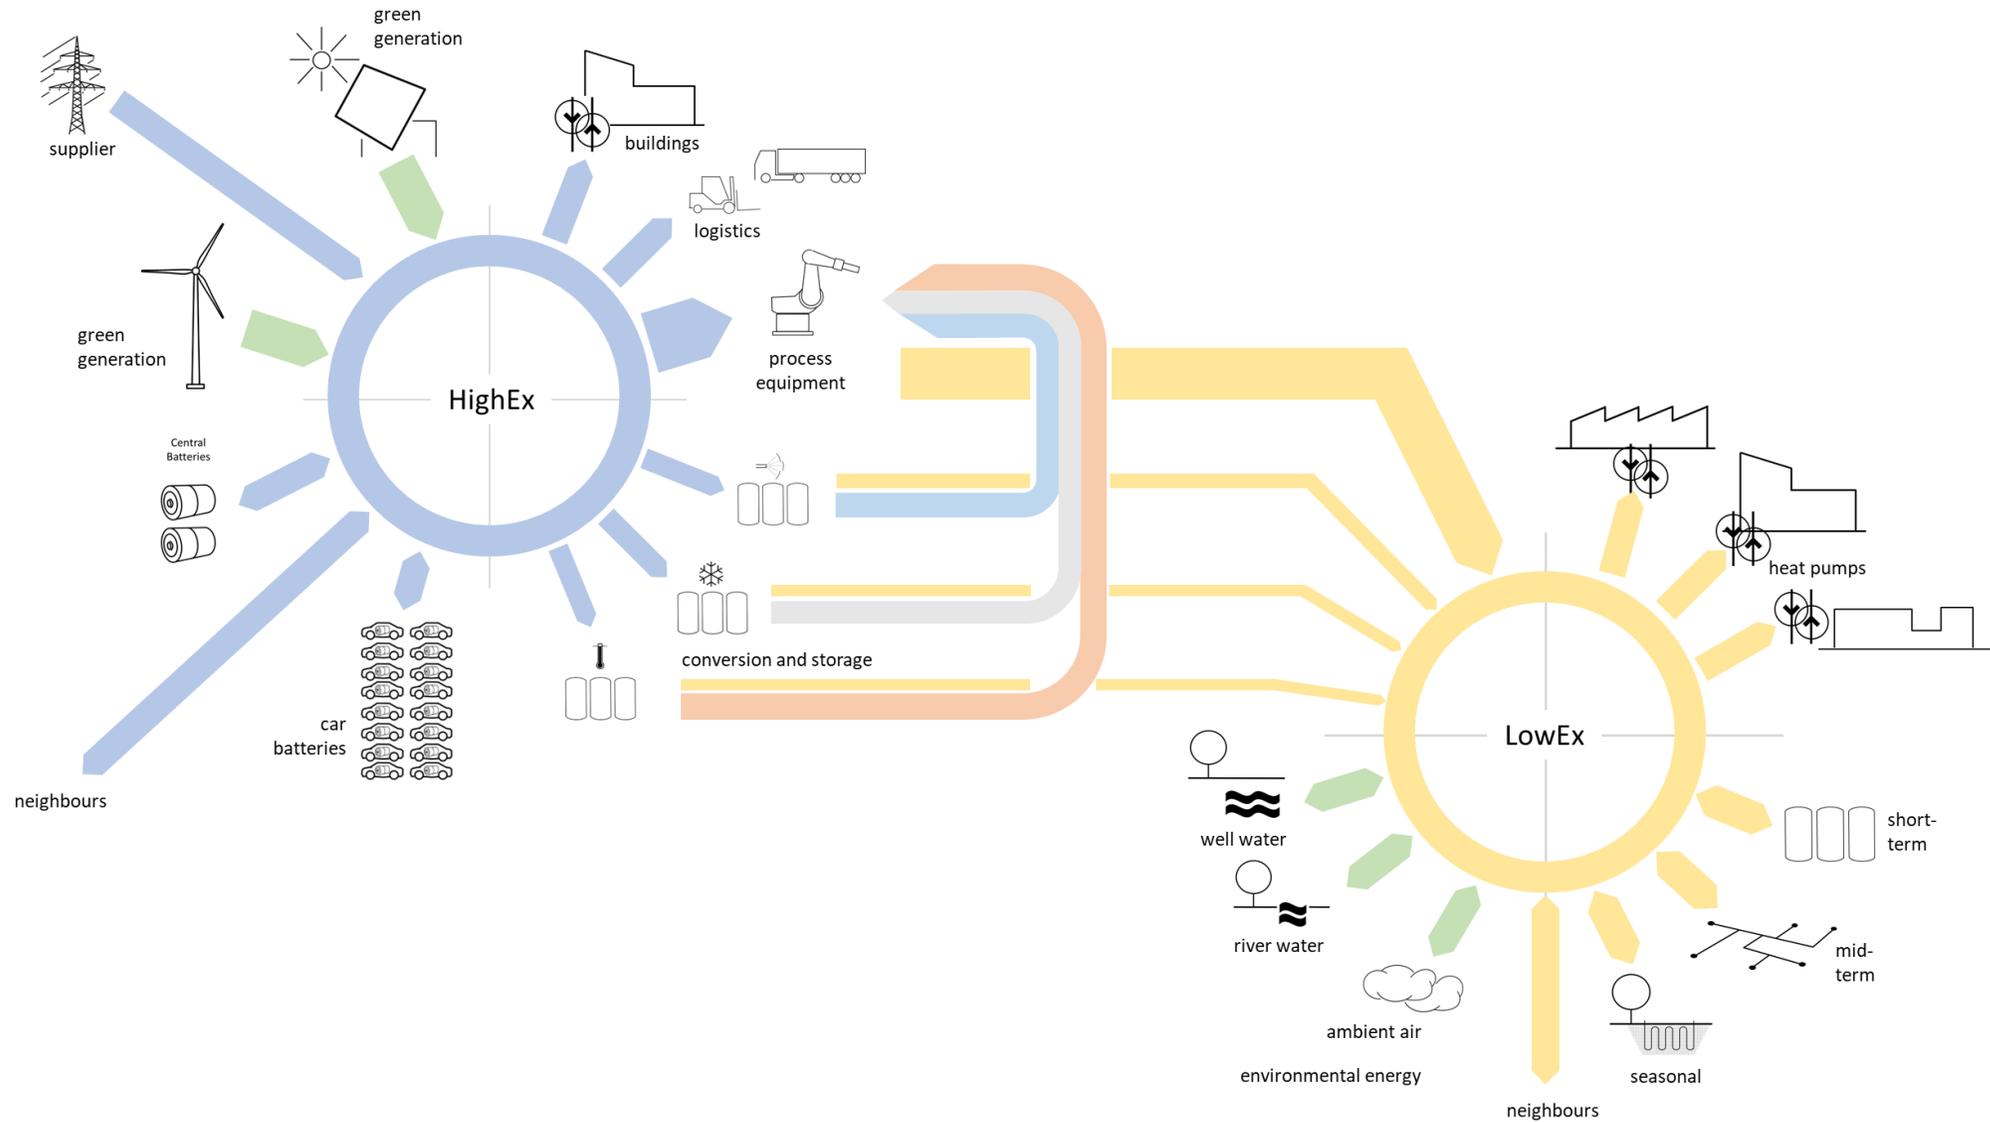

# Hydraulik

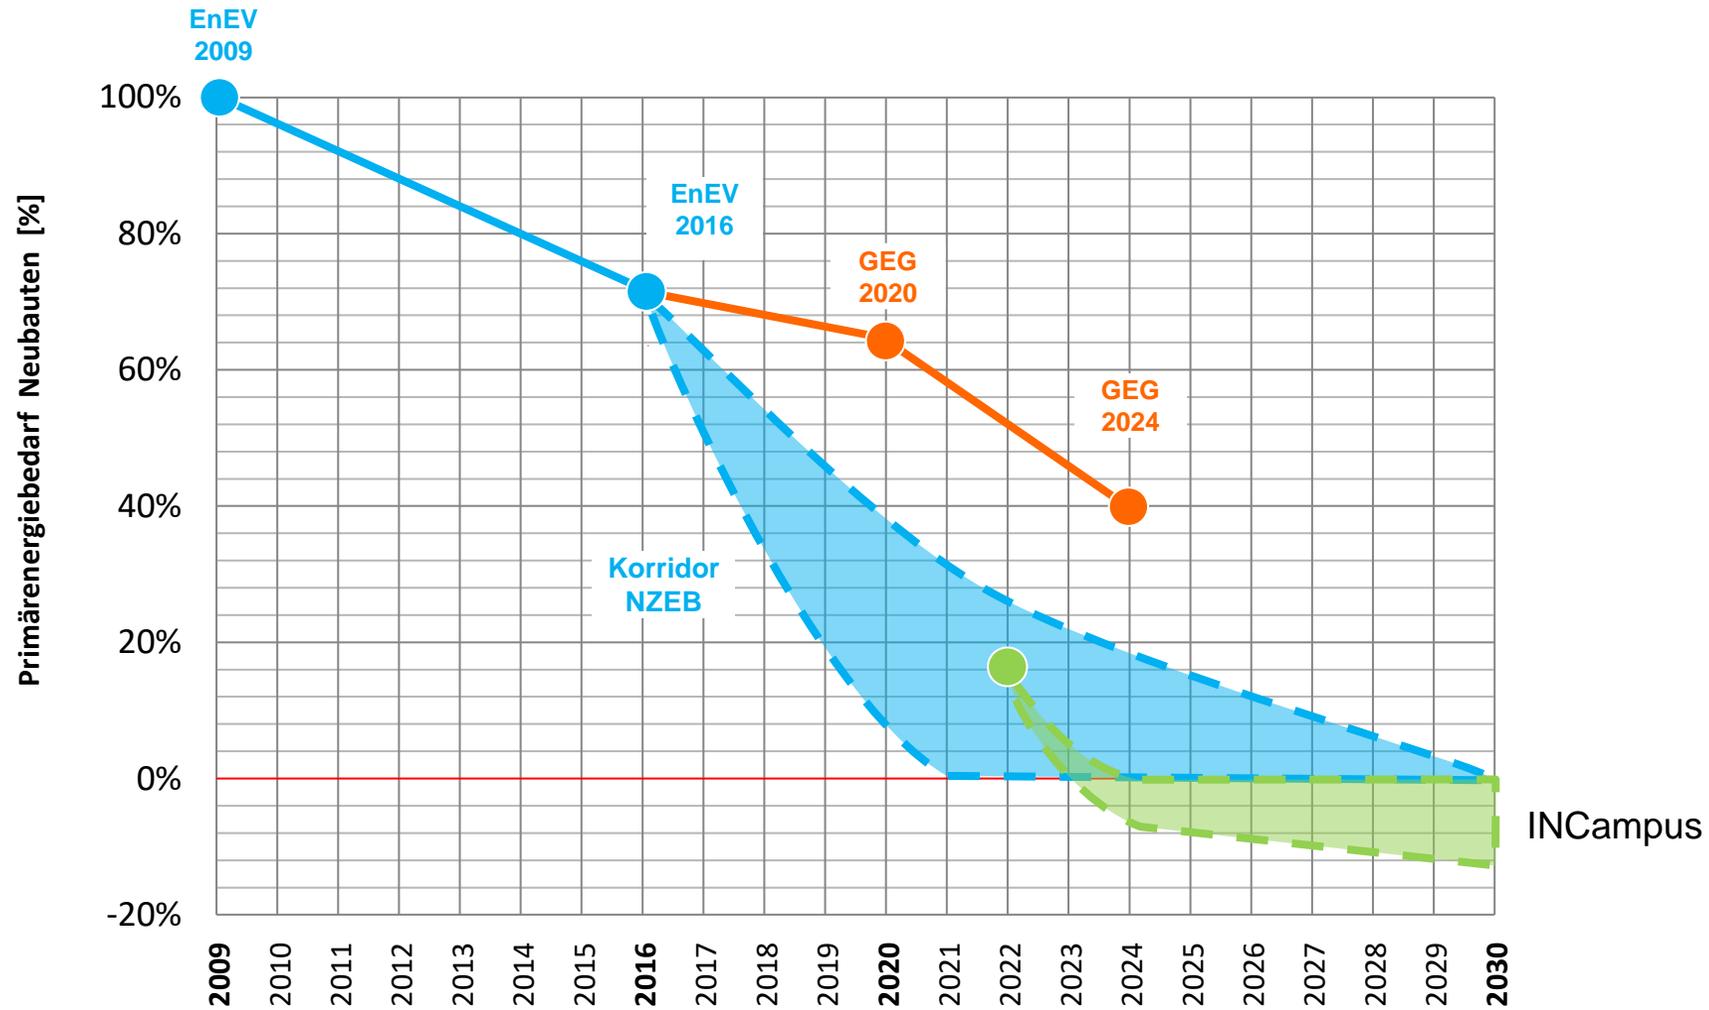

## LowEx

# Übertragbarkeit

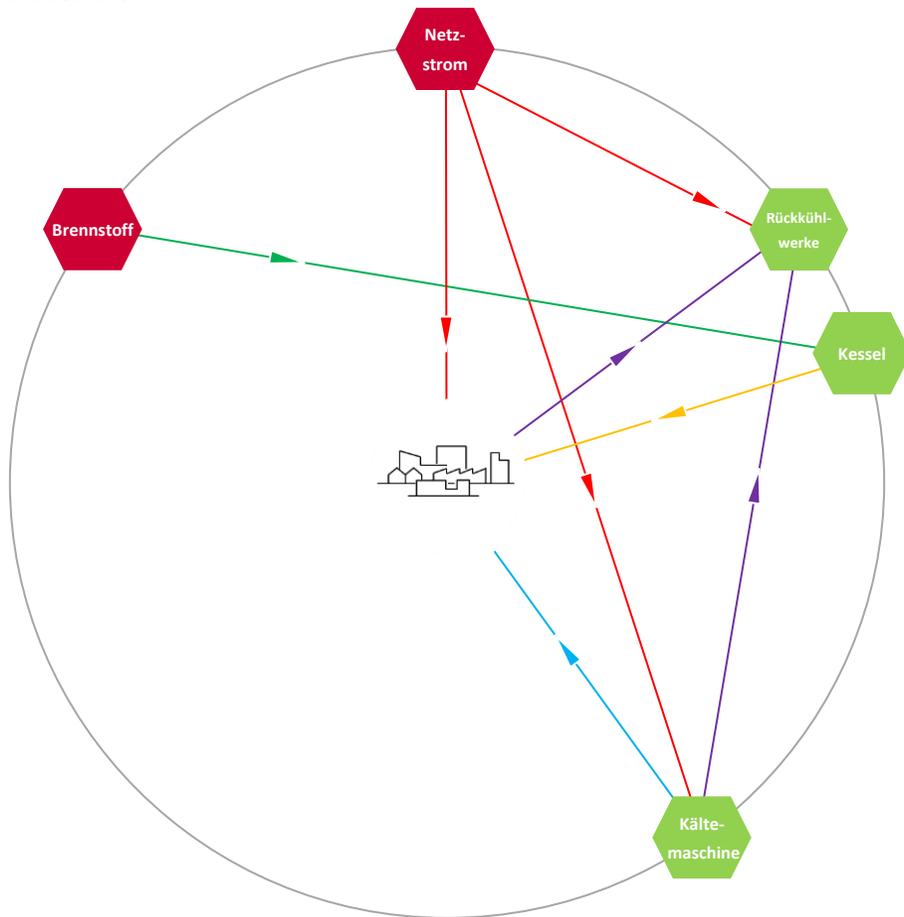

# Zero Energy

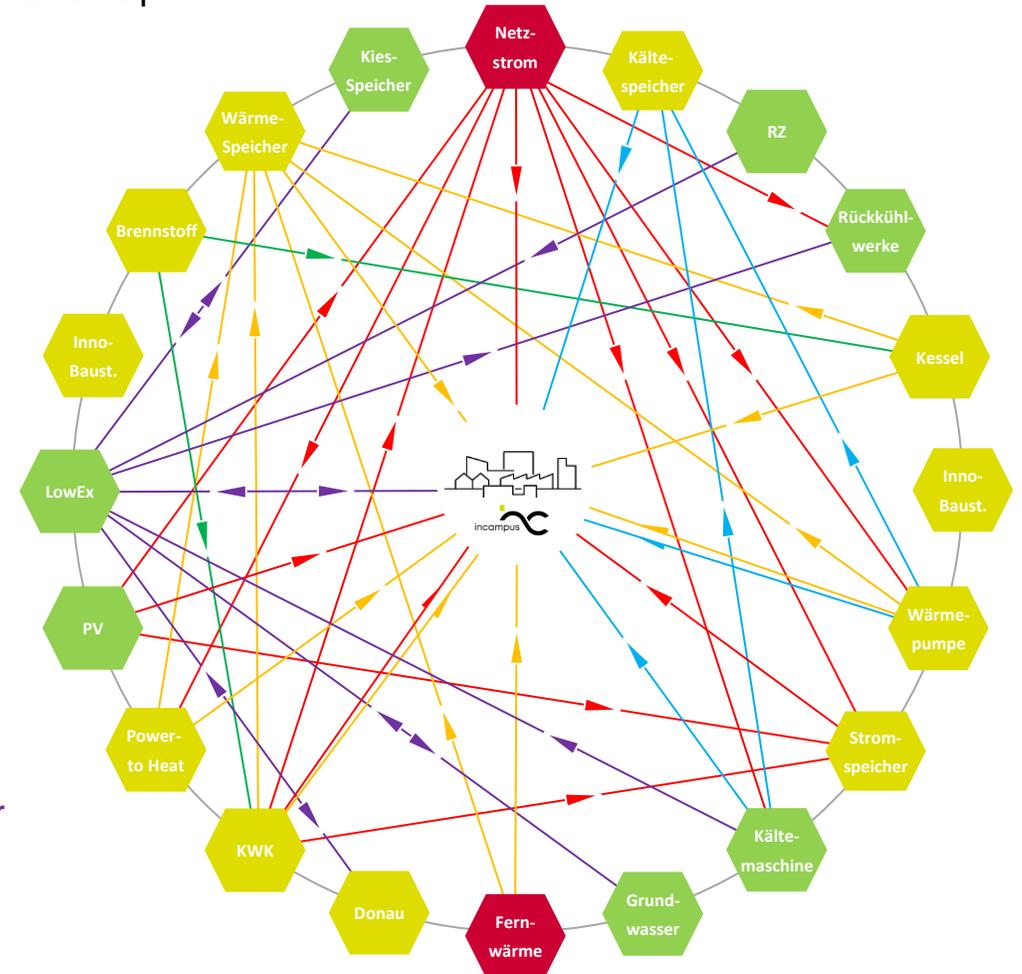

# Effizienz - Flexibilität - Komplexität

klassisch

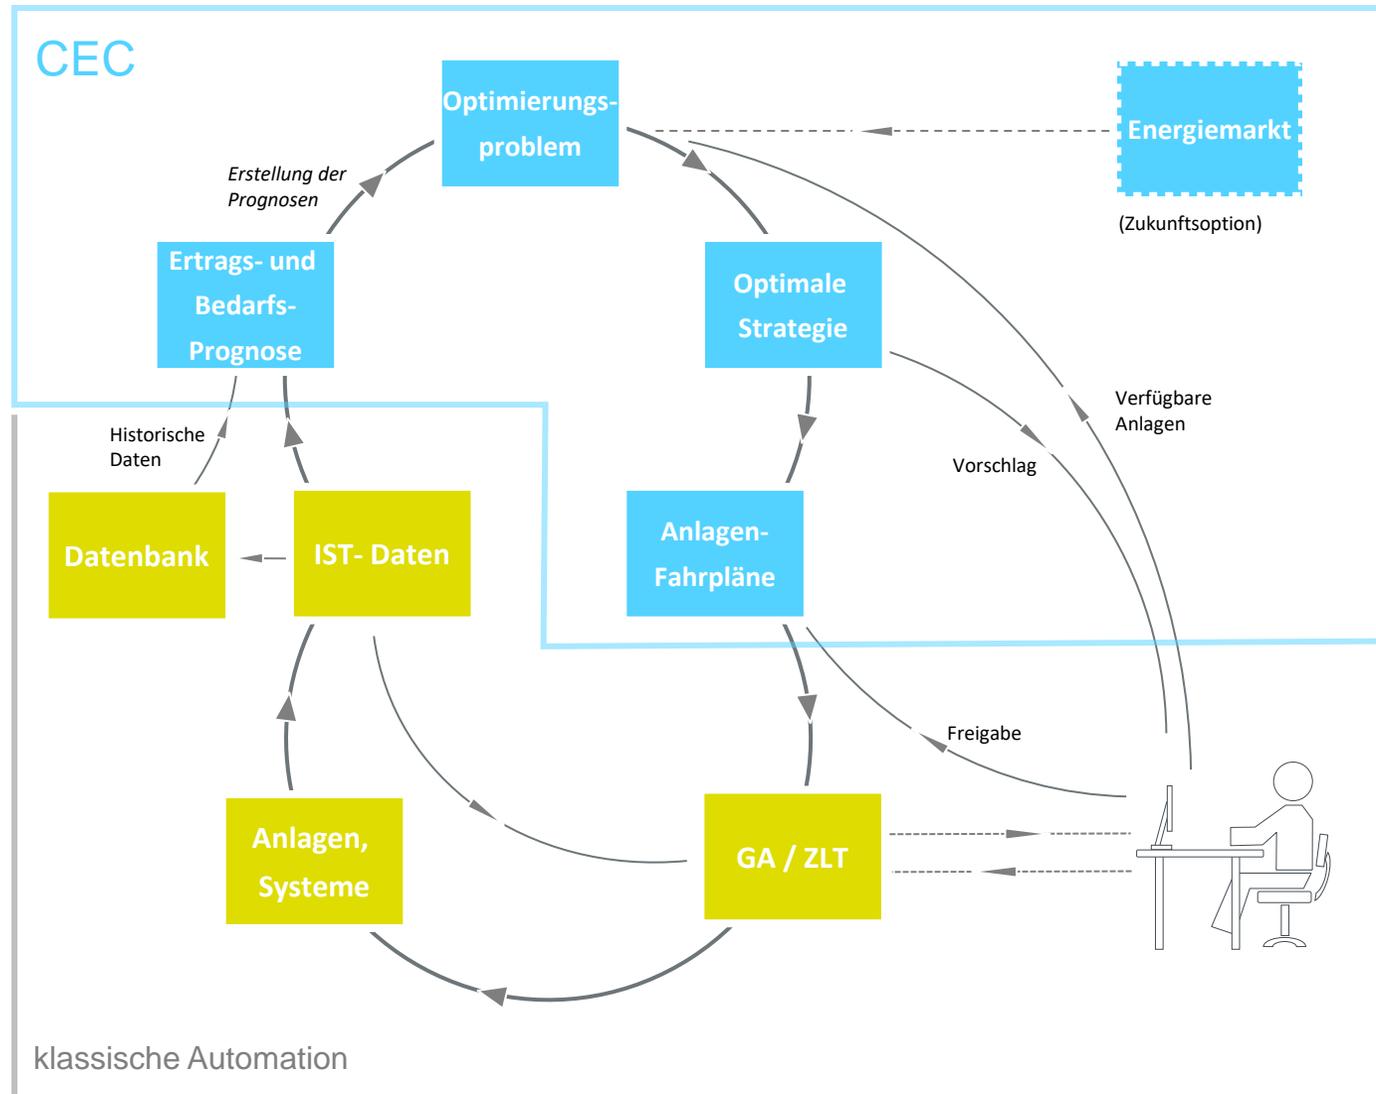

INCampus

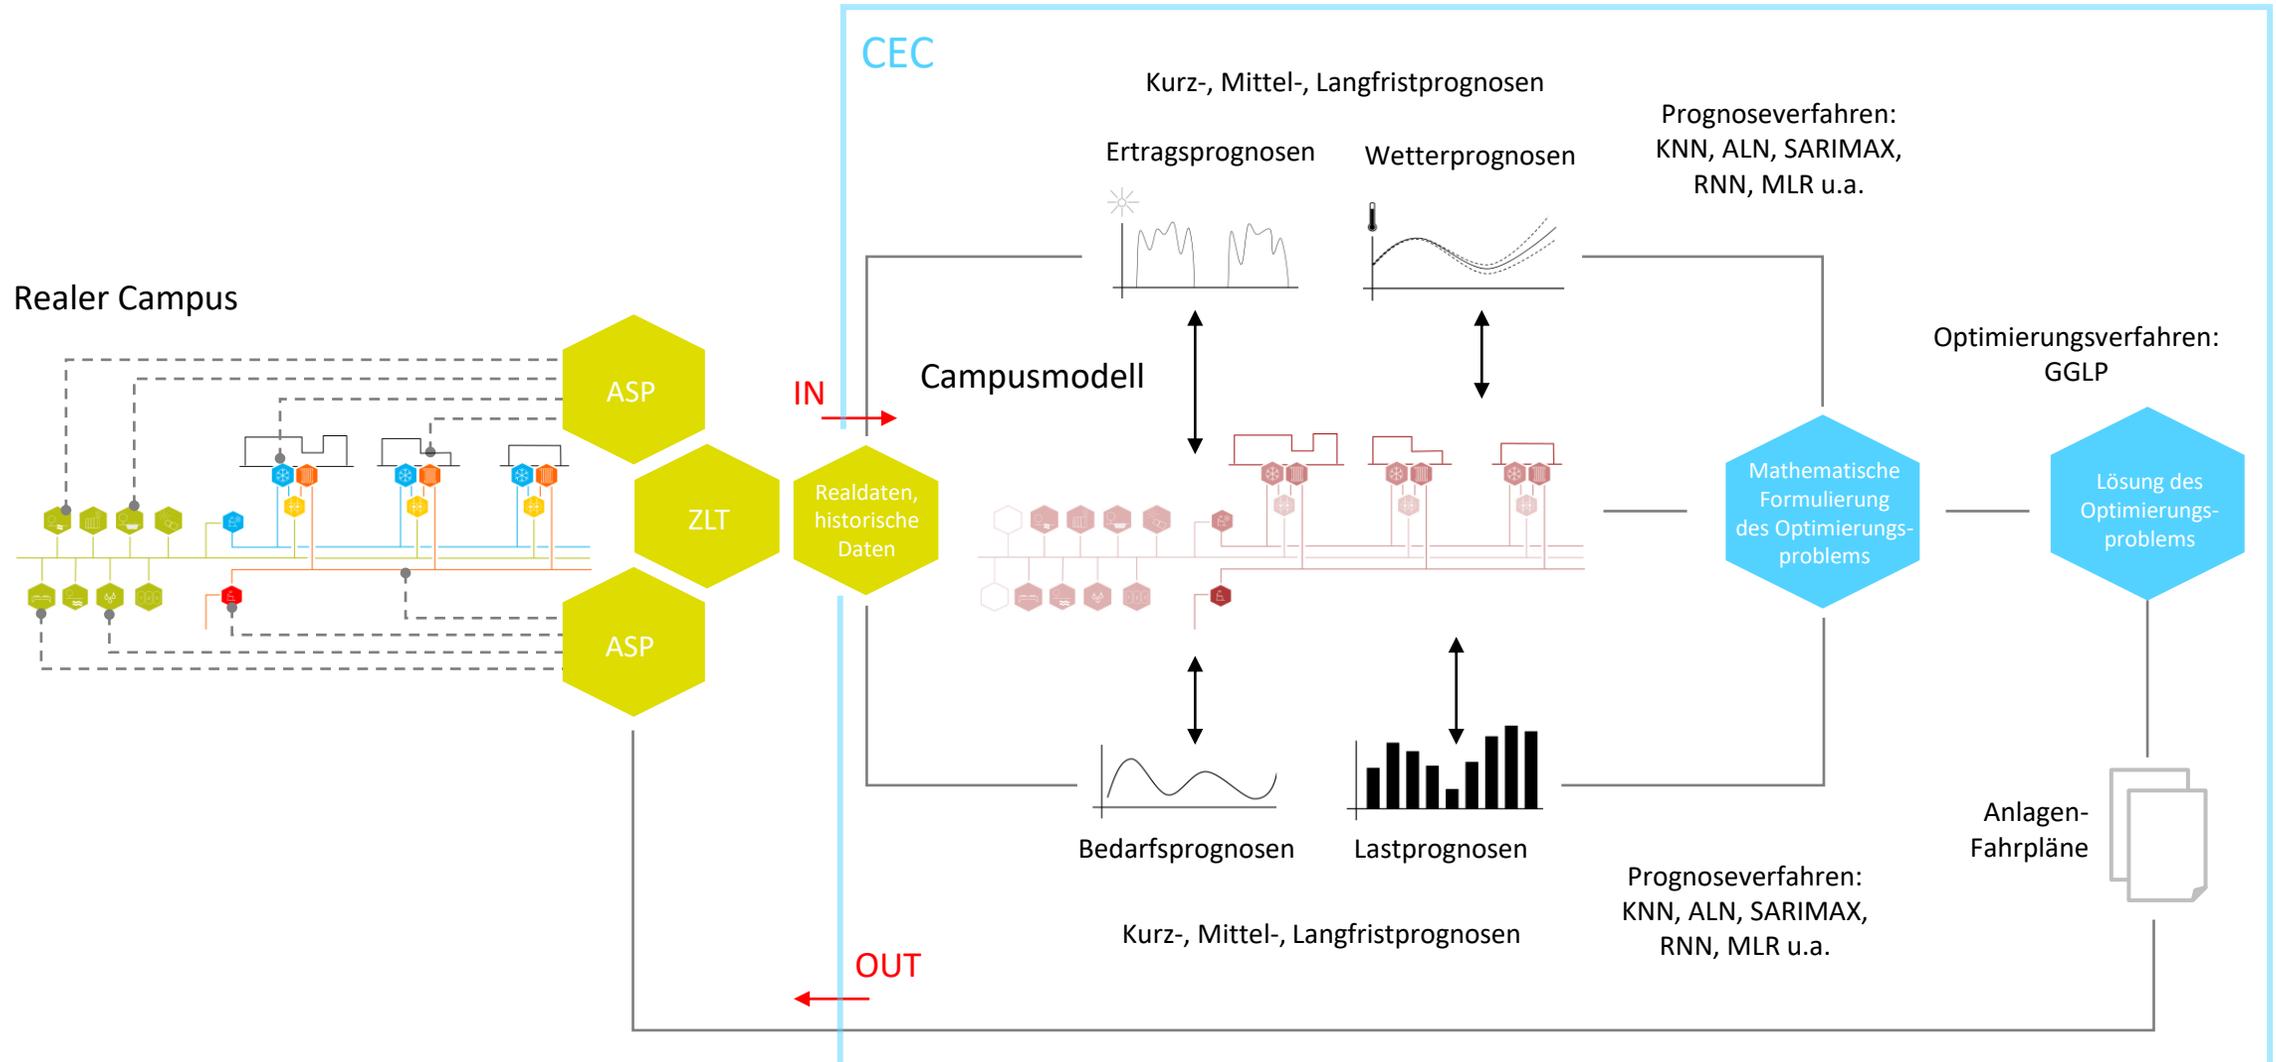

- Kühlwasser
- Wärm-e
- Kälte
- Strom
- Brennstoff
